

CURRICULUM DEVELOPERS

Xeropan Software is disrupting the education industry and has become the leading provider of e- and m- learning applications. More than 100.000 downloaders in over 40 countries. Learning with Xeropan is like having a one-on-one English language tutor who you can pop out from your pocket anytime and anywhere. Let's face it, many get butterflies in their stomach when they have to start speaking a foreign language. The Xeropan team offers the solution for this problem, because we're sick and tired of people sacrificing years of learning and yet they are unable to get that result they are expecting.

We are currently seeking Curriculum Developers. Curriculum Developers develop, create, and edit a variety of educational and assessment materials.

Responsibilities include:

- Establish content outlines and course designs
- Record and edit videos (screencasts), and add post-production effects
- Edit e-learning materials
- Compose instructional text: narration for videos , how-to articles, etc.

Requirements include:

- Tech Savvy, preferably with experience teaching a SaaS or role-based software app Bachelor's degree or higher in English, Education, Creative Writing, or comparable field Ability to analyse complex processes, and turn them into guided procedures
- Exceptional writing ability
- Training industry experience with at least 4 years working as a multimedia content developer
- A portfolio containing samples of your past work will be required

Xeropan is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, colour, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law. This is a full time role located at our Budapest and Debrecen, Hungary offices.

Send your applications by email to info@xeropan.com
